EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Richard Aron Osman, J.D., Ph.D. on 16 August 2004.

The application has been amended as follows:

- 2. Claim 39 has been replaced with the following claim:
 - -- 39. (Currently amended) A method for inhibiting prostate tumor growth in a mammalian host determined to have a metastatic prostate tumor and comprising prostate tumor cells expressing native NKG2D, the method comprising steps:

administering to the mammalian host a host-compatible cell transduced to express on the surface of the cell a plurality of NKG2D-binding moieties of natural NKG2D ligands selected from the group consisting of MICA, MICB and ULBP, wherein the administering step is effective to inhibit growth of the tumor; and detecting a resultant inhibition of growth of the tumor by evaluating growth of the tumor.—-

Claim 51 has been replaced with the following claim:

--51. (Currently amended) A method for inhibiting primary mammary tumor growth in a mammalian host determined to have a primary mammary tumor and comprising mammary tumor cells expressing native NKG2D, the method comprising steps:

administering to the mammalian host a host-compatible cell transduced to express on the surface of the cell a plurality of NKG2D-binding moieties of natural NKG2D ligands selected from the group consisting of MICA, MICB and ULBP, wherein the administering step is effective to inhibit growth of the tumor; and detecting a resultant inhibition of growth of the tumor by evaluating growth of the tumor.--

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Alana M. Harris, Ph.D. whose telephone number is (571)272-0831. The examiner works a flexible schedule, however she can normally be reached between the hours of 6:30 am to 5:30 pm, with alternate Fridays off.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Jeffrey Siew can be reached on (571) 272-0787. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
